GIVE THE GIFT OF AUTHORSHIP TO YOURSELF & THE WORLD!

It's time for you to shine! Allow us to help you in you share your brilliance to the world. We know you have a story to tell and we know the world is ready to hear it and learn from your wisdom. At Integrity Publishing, we do what we do best... which is putting you in front of the world to share your story. We have published over 500 authors over the past 5 years through our Integrity Publishing Programs. Our founder and CEO had hired other publishing companies to publish his first 7 books and soon realized and noticed a lot of inconsistencies in the publishing world. He vowed to create a community and environment for an author to be published professionally in the best possible way, with little to no headaches, all along holding the upmost integrity in the whole process from thought to concept, to creation, to editing, to proofing, and to publishing. He also vowed to have his team at Integrity Publishing to be 'hands-on' in the whole process. Too many times, we have seen publishers bring on a new client and simply forget about them and not welcome them into the family. At Integrity Publishing, you are one of us. You are family! He also vowed to set up a publishing company in which the author still maintains 100% of their book and 100% of the revenue generated by their book. Integrity Publishing doesn't take any percentages of your income generated by your book sales. That is all yours to keep! We simply want to publish you to have you shine in the world!
