Center-Grabovoi
PayPal 2-step payment process.

Keeping payments secure... and compliant!

✓ **256-bit encryption protocol**

We are using **KARTRA** to host our videos and for e-mail marketing, and **PayPal** for payment checkouts. All credit card transactions are protected behind a 256-bit encrypted protocol to guarantee privacy and security. **We do not store any data about your credit card!**

✓ **PCI compliant**

The Payment Card Industry Data Security Standard is a security standard for credit card handling and processing.

✓ **GDPR compliant**

The General Data Protection Regulation is a mandatory regulation on data protection and privacy in the European Union and the European Economic Area.

✓ **SCA compliant**

Strong customer authentication (SCA) is a requirement on payment submitted by European customers. The requirement ensures that online payments are performed securely with multi-factor authentication.
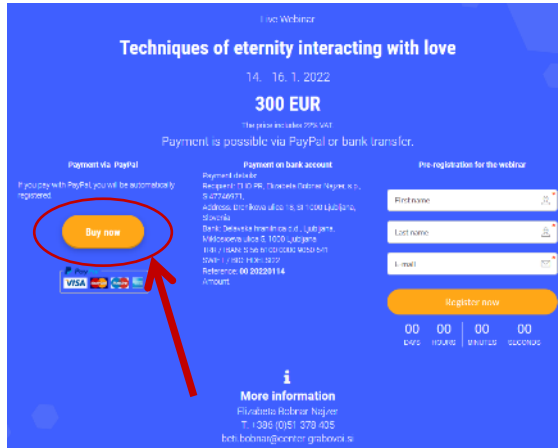

PayPal 2-step payment process.

①

**Webinar landing page**

Click on [Pay now] button.

IMPORTANT!

After a successful payment, you will receive a confirmation of payment and **information for accessing the webinar to your e-mail address provided in the „Billing email address".**

Billing address and PayPal payment address can be different!
