

LAST WEDNESDAY'S CLUB

Artist Info:

Hi team and thanks for checking out Last Wednesdays Club. We'd love to have you perform with us, and so you've got all the info here's how we run the show!

Set Timings:

Performers each get a 30 minute set.

Sound Checks:

We typically do sound checks from 5:30pm on the day after setting up. (We arrive at 4:30pm on the day and would love it if you could join from then to help with chair set up and general vibes). Door open 6:30pm so this gives us time to setup sound, lighting and create a good feel for both us and the audience coming along too!

Filming:

We film and take photos for each show. It varies show to show of what we capture, but you can expect high quality footage in some form following the show. You're welcome to use this as suits.

\$\$:

Last Weds Club takes an equal share of profit after expenses are taken out. (as if it was an artist). Eg 3 artists - profit will be split /4 with one share going to Last Weds Club. For a sold out show this means approximately \$250-450.

Promotion:

Once we've approved your show date and received your info we'll create posters, events, tickets and promo content that you can use and share also. We have an email list and will do a lot of the promo and marketing work including paid advertising, but a good night requires your help in sharing and getting the word out too! The more we fill the room the better the vibe all around of course!

Comp Tickets:

As it's a small venue we don't do comp tickets. If you have somebody that you wish to 'comp' for the show, simply buy them a ticket and that will go into the mix of dollars that get shared back with you post show.

Reach out to hello@lastwednesdaysclub.com with any questions or queries!
