LOCATION

Valladolid is a hospitable city full of history that makes Yucatán proud. For centuries, it has been known for the richness of its Spanish legacy reflected in its temples and the heritage of its old neighborhoods. It has an exceptional colonial flavor. Walking through its streets, with its houses painted in vibrant colors, the neighborhoods with their churches, and of course, the imposing Convent of San Bernardino de Siena.

Muúk Karant is located in a privileged area, a few kilometers from Valladolid, one of the most captivating Magic Towns on the Yucatán Peninsula.

In addition, it has an exceptional adjacency to the new Xibalbá park by Grupo Xcaret, which will provide exponential added value over the next two years.

PROJECT

BE PART OF THE MOST AWARDED PROJECT IN YUCATÁN

Muúk Karant is an exclusive residential project, developed on 84 hectares of limestone covered by a blanket of vegetation that conceals 4 cenotes. Corners from which life has resonated since ancestral times make this a mystical place.

Based on this resonance, a radial and organic design has been created, featuring 604 residential lots. Additionally, within this complex are spaces designed for recreation and natural contemplation, aiming to promote ecological culture and conservation.

Muúk Karant will feature the world's first pre-Hispanic museum inside a cenote and a boutique hotel that embraces one of the most beautiful cenotes in the Riviera Maya, driving a boost to tourism and the local economy.

HOTEL LOBBY ACCESS

PROJECT

604 ECO-RESIDENTIAL LOTS

OPEN CENOTE

Impressive cenote with a diameter of 50 meters.

ACCESS

Imposing access point that will control the security of the development 24/7.

ARTIFICIAL LAKE

Beautiful artificial lake that will contain a regional ecosystem of its own.

PREHISPANIC MUSEUM

The world's first prehispanic museum inside a cenote will house a private collection of over 300 pieces.

COVERED CENOTE

The turquoise blue water and its beautiful stalactites are its main attractions.

BOUTIQUE HOTEL

Its 30 rooms surrounding a beautiful cenote will captivate your senses.

CLUBHOUSE

Enjoy the comfort of having all the amenities in your own home.

VIEWPOINT

Enjoy the beautiful sunrises over the Mayan jungle from a height of 18 meters.

PROJECT

EXPERIENCE THE ESSENCE OF AN ECO-FRIENDLY PROJECT WITH ALL THE AMENITIES

The residential area of Muúk Karant was designed with the idea of preserving and enhancing the cenotes and the extensive vegetation that covers this large development, creating harmony with nature.

Like waves enveloping the cenotes, the urban design of the 604 residential lots is characterized by its radial design and organic roadways that connect the various spaces offered by the development.

AMENITIES

ENJOY OVER 30
PREMIUM
AMENITIES
WITHIN YOUR
FUTURE HOME

The amenities conceived within the development have been created with an awareness of caring for and respecting nature. The physical and spiritual fusion between the user and the various activities has made this a clear example of how a guiding principle is established for the design of these amenities. We will be the only development in southeastern Mexico to feature tourist amenities that promote the conservation of our cultural roots.

CLUBHOUSE

LIVING A LIFE
FULL OF LUXURY
AND COMFORT
IS THE MAIN
ESSENCE OF
OUR CLUBHOUSE

The clubhouse features a cutting-edge design and beauty that can be found in every corner, making it a space you won't want to leave. It is designed so that each of its visitors can enjoy a unique experience in a space meant for relaxation and socializing, surrounded by the Mayan jungle.

This clubhouse will include a gourmet restaurant, recreational areas, commercial spaces, and a radial-designed infinity pool.

We will have a fully equipped gym with all the amenities of any major city. Similarly, we will have a jungle gym that allows you to blend with the natural surroundings while exercising both your body and soul.

PREHISPANIC MUSEUM

THE WORLD'S FIRST PREHISPANIC MUSEUM INSIDE A CENOTE

Muúk Karant will feature the world's first pre-Hispanic museum inside a cenote, unique in its kind, and is established with the firm conviction of preserving and enhancing the culture and ancestral roots of our country.

With the support of state and municipal governments and a private collection of over 300 pre-Hispanic pieces from various Mexican cultures, we will promote awareness, care, and preservation of our cultural heritage.

The museum will be a tourist attraction, translating into increased value for the development.

EXHIBITION AREA

PREHISPANIC MUSEUM

THE CULTURAL ROOTS OF OUR COUNTRY WITHIN YOUR HOME

The region of Mexico and Central America, known as Mesoamerica, was the cradle of the most ancient and developed civilizations of the Western world. The natural wealth generated by the variety of climates, the abundance of water, and the fertile lands were the source of sustenance that allowed the emergence of large conglomerations of people. Thanks to this background, we have undertaken the task of assembling a chronologically cataloged exhibition of various pieces from across the country, which will be displayed in an artistic manner with museography and curation by professionals in the field.

CENOTES

FOUR OF THE MOST BEAUTIFUL CENOTES IN SOUTHEASTERN MEXICO ARE LOCATED IN MU'UK KARANT

One of the main attractions of this development is its 4 cenotes, which make it an unparalleled place. Each is extraordinary in its uniqueness: distinct in both form and in the flora and fauna it supports.

The ensemble creates a place where life resonates, from the sound of the water to the chirping of the Toh birds, revealing the entrances to the underworld that, beneath their networks, hold the secrets of our roots.

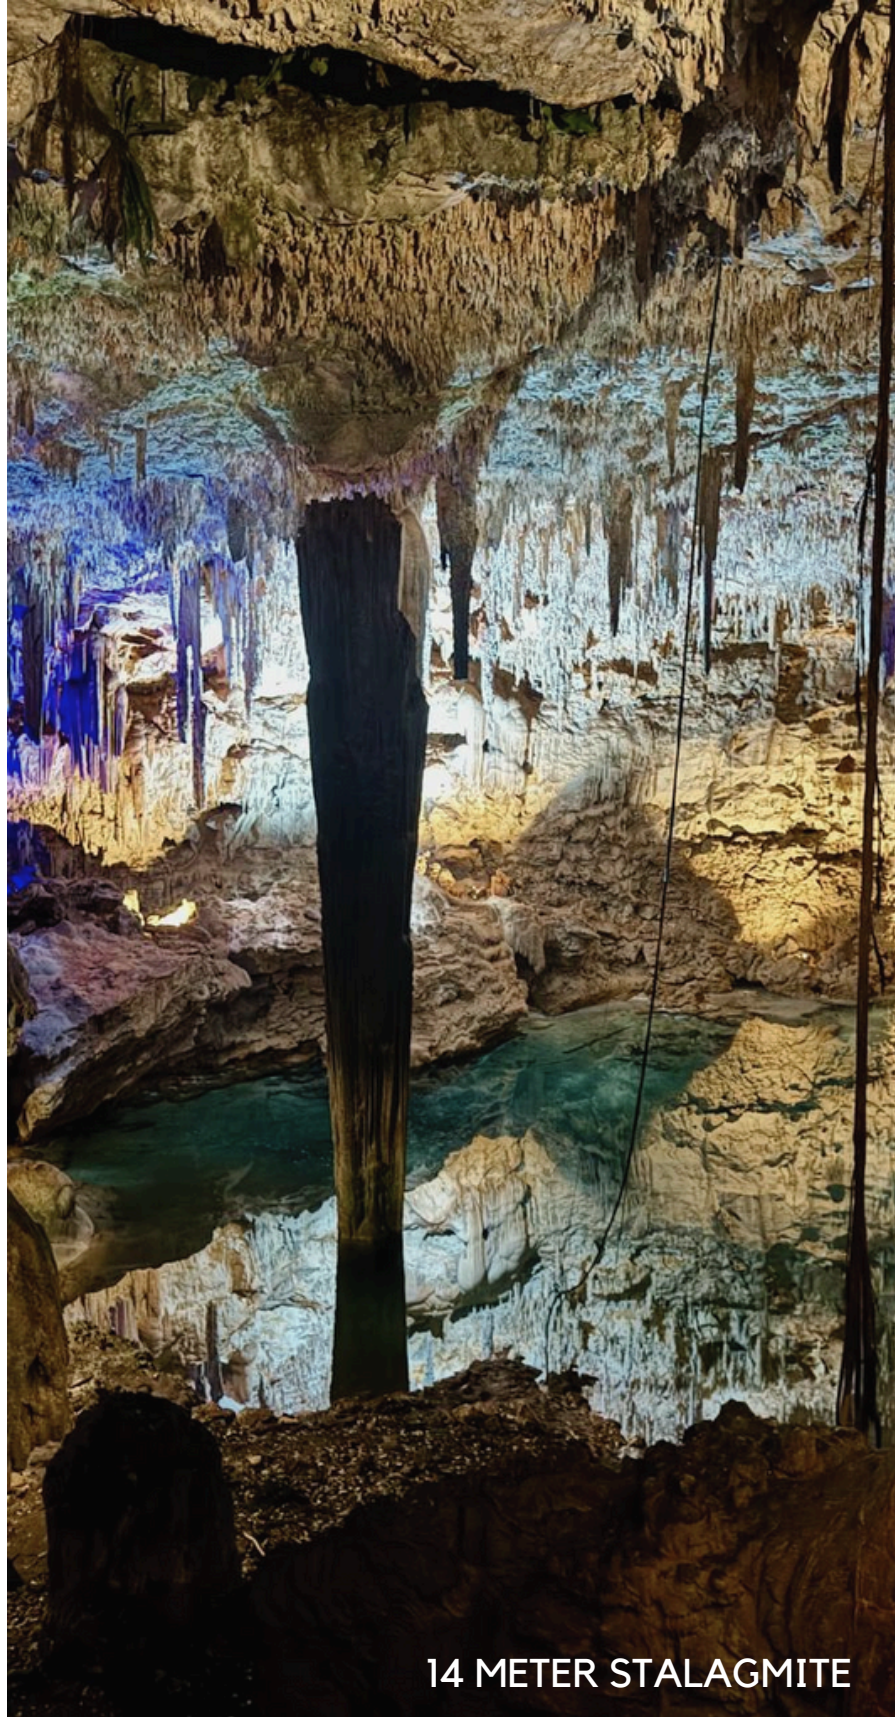

INTERIOR OF A CENOTE

CENOTES

THE MAYAN UNDERWORLD CONCENTRATES AN ENERGY OF WHICH YOU WILL BE A PART

All the cenotes feature a wide variety of stalactites and stalagmites that adorn the vaults of these natural and beautiful spaces.

The added value these stunning ecosystems bring to the development is unique, and it similarly commits us to preserving and maintaining them in a natural state of conservation

14 METER STALAGMITE

AMPHITHEATER

DESIGNED TO HOST
EVENTS AND
PERFORMANCES
THAT DRAW THEIR
ESSENCE FROM A
PREHISPANIC
SETTING

With a capacity for 550 people, this beautiful venue will host unique events.

Since ancient times, entertainment has been a fundamental part of humanity. In this beautiful venue, performances such as dance, artistic representations, and performance events will be concentrated. This will be part of the tourist attractions within the development.

AMPHITHEATER ACCESS

VIEWPOINT

¿CAN YOU IMAGINE
WITNESSING THE
MOST BEAUTIFUL
SUNSETS IN
YUCATÁN FROM A
HEIGHT OF 15
METERS?

A monumental structure rises from the pristine jungle, featuring a radial platform at a height of 15 meters, from which you can experience unique sunrises and sunsets. This space will be equipped with benches so you can comfortably spend quality time with your family. Thanks to the height, you will be able to observe the local flora and fauna and appreciate the various species of birds that inhabit this beautiful ecosystem.
