

2026

Carolinas Emerging Energy Leaders

For over a decade, E4 Carolinas has offered impactful professional development training, exclusive industry tours, speakers, and networking opportunities. This tailored learning format offers a unique opportunity to become knowledgeable about all forms of generation, transmission, and distribution, preparing students for larger roles or a better understanding of their current roles. The program is open to all career stages and specialties in the energy industry. Participants gain essential skills, including:

- **Leadership and self-awareness:** Building emotional intelligence and personal leadership.
- **Team dynamics:** Developing and managing high-performing teams.
- **Strategic decision-making:** Learning analytical skills for sound decisions.
- **Industry knowledge:** Insights into trends, challenges, and innovations.
- **Networking and community:** Forming valuable connections in the energy sector.

TUITION:

(Exclusive of travel and lodging costs)

Members: \$6,800 per participant

Non-Members: \$8,000 per participant

If 3 or more participants from an organization are nominated, the member rate will reduce to \$6,000.

All dates and locations are subject to change based on tour availability.
