NEXT STEPS

WHAT MAKES YOUR BULBS DIFFERENT?

We have only offered bulbs that Roz would be happy to grow herself. Roz has grown some of these varieties for the past four seasons and will be growing them again for 2027, along with new varieties.

Most tulip bulbs available for ordering within the UK are unsized (usually small 9-10s) but the bulbs featured here are 12+ bulbs, which means they have a circumference of 12cm or more. These are top quality bulbs, hand-selected by Roz to cover the breadth of the tulip growing season, stem length and colour for cutting.

HOW MANY CAN I ORDER?

Each variety is sold in multiples of 25, and there is a minimum order of 100 bulbs or corms overall (4 x 25). These can be made up of one variety or more.

For ranunculus there is a minimum order of 50 and for anemone and allium a minimum of 25. However, **your total order must comprise of a minimum of 100 bulbs or corms (any type)**. This is to keep postage and packing costs as low as possible and to increase our despatch efficiency.

Once you reach the minimum order, you can add further multiples of 25. Discount of 5% are applied on orders of 500 or more and 10% on orders of 1,000 or more (same or mixed varieties).
