WHAT MAKES COVERLOGIX SAFETY COVERS **THE INTELLIGENT CHOICE?**

SUPERIOR PERFORMANCE AND PROTECTION

SUPERIOR POOL PROTECTION FOR
CHILDREN, PETS, CRITTERS, AND DEBRIS.

You love your pool and the backyard memories it creates. We pride ourselves on providing quality products that protect what you love the most. CoverLogix® swimming pool covers help protect children and pets from unwelcome situations and give peace of mind while you are away.

From Our Family to Yours — Every CoverLogix pool cover is designed with your safety in mind.

Meets ASTM Safety Standards.

CoverLogix pool covers are an attractive and functional addition to your outdoor environment. Our covers provide peace of mind by creating a protective barrier that keeps everything out of the pool, including mother nature. You'll be able to get your swim season started sooner when you open your pool to find minimal cleaning and maintenance required.

What Sets CoverLogix Apart?

THE ULTIMATE CHILD-PROOF / PET-PROOF BARRIER

We've integrated our superior quality thread, densely woven mesh, and commercial grade hardware to deliver 4000 pounds of break-strength protection. Our safety covers are engineered to resist damage from extreme sun, snow, rain and wind conditions.

INSTALLATION, REMOVAL AND STORAGE ARE EASY

After initial dealer installation, easily remove your cover in the spring and store it in the handy CoverLogix storage bag. Re-installing the cover in the fall is also easy with the installation tool provided.

SAVE ON POOL OPENING COSTS

Using a safety cover and proper winterization methods will significantly reduce pool opening costs for cleaning, chemicals and maintenance.

ENHANCE YOUR BACKYARD ENVIRONMENT

Tarp and water tube type covers can be dangerous and unsightly. They are not as protective or as easy to keep clear of debris during pool closure as a CoverLogix cover designed specifically for your pool. They also distract from the beauty of your backyard. Now is the time to replace those with an aesthetically pleasing design.

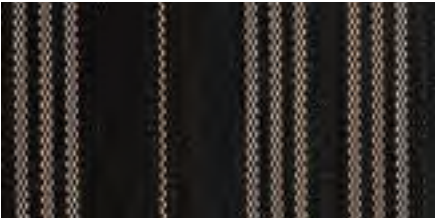

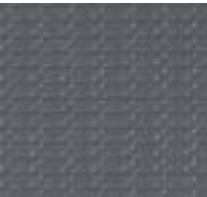

THE STRONGEST WARRANTY IN THE INDUSTRY

CoverLogix®
ADVANCED SAFETY COVER SYSTEMS

CoverLogix pool covers are an attractive and functional addition to your outdoor environment. Our covers provide peace of mind by creating a protective barrier that keeps everything out of the pool, including mother nature. It's also comforting to know when you open your pool there will be inviting, clean water waiting for you with minimum maintenance to get your summer started.**

COVER MATERIALS | PERFORMANCE SPECIFICATIONS

			SAFETY / PROTECTION	WEIGHT (sq/yd)	BURST STRENGTH	DRAINING	MATERIAL FEATURES	WARRANTY
9000MX™ Max Shade Mesh	9000MX™ Self-Draining Mesh The 9000MX is engineered for a new level of protection. Built with reinforced mesh, box stitched thread at critical webbing joints and equipped with heavy-duty suspension, this cover is designed to exceed expectations and is appropriate for demanding applications.		MAXIMUM	8 oz	890 PSI	Self-Draining Mesh	Maximum Tensile Strength, Abrasion Resistance and Burst Resistance	25 YEARS ----- 5 YEAR ASSURANCE
7000MS™ High Shade Mesh	7000MS™ Self-Draining Mesh A light-weight, ultra-fine weave mesh blocks 99% of sunlight and filters fine dirt particles down to 40 microns. Rain and melting snow simple drain through the mesh. Excellent all-climate performance in a low maintenance, easy care cover.	   	SUPERIOR	7 oz	670 PSI	Self-Draining Mesh	Superior Tensile Strength and Abrasion Resistance	20 YEARS ----- 5 YEAR ASSURANCE
5000M™ Standard Mesh	5000M™ Self-Draining Mesh This durable micro weave fabric has the highest abrasion resistance and tear strength in its class. It filters debris and dirt while allowing water to freely drain through the mesh. A good choice for a combination of protection and value.	   	VERY GOOD	4.5 oz	385 PSI	Self-Draining Mesh	Excellent Tensile Strength and Abrasion Resistance; Lightweight Material	15 YEARS ----- 3 YEAR ASSURANCE
1000V™ Heavy Duty Solid	1000V™ Solid Our solid cover is a complete barrier to sunlight, dirt, debris, and water. Heavy-duty construction provides protection from the elements and prevents algae growth, which helps for faster spring pool openings.	   	VERY GOOD	12 oz	400 PSI	Invis-A-Drain, Mesh Drain Panel or Pump	PVC Laminated for Extra Strength; UV and Mildew Resistant	15 YEARS ----- 3 YEAR ASSURANCE
500P™ Lite Duty Solid	500P™ Lite Duty Solid Our light weight 7 oz. solid cover will provide a 100% barrier against sunlight and debris. This fabric is UV and mildew resistant and easy to handle. Available in green and blue.	 	GOOD	7 oz	350 PSI	Invis-A-Drain, Mesh Drain Panel or Pump	Lightweight Material; UV and Mildew Resistant	12 YEARS ----- 2 YEAR ASSURANCE

PROTECT WHAT YOU LOVE

*9000MX & 7000MS Mesh U.S. Patent No. 6,886,187 – 99% Shade

** Properly winterizing your pool in conjunction with a CoverLogix safety cover will provide maximum protection against algae growth. With 91% sunblock, the 5000M, may be less effective in minimizing algae growth in certain installations.

ASTM SAFETY STANDARDS

- CoverLogix materials and hardware locking systems are rigorously tested to meet or exceed ASTM safety standards. To comply with ASTM safety standards – Solid vinyl covers must be equipped with an automatic pump or have built-in mesh drainage panels to remove standing water.
- Your particular pool design may have special features that do not meet ASTM standards. Please consult your pool professional when purchasing a cover. ASTM standard F.1346.91

THE ANATOMY OF SUPERIOR PERFORMANCE EXTREME PERFORMANCE UPGRADE PACKAGES

9000MX™ Mesh Cover

HEAVY-DUTY
DOUBLE SPRINGS

ANTI-CHAFFING MATERIAL

REINFORCED BOX STITCH

LAY FLAT SPRING COVER

SUPERIOR QUALITY HARDWARE THAT'S DESIGNED TO LAST

EXTREME PROTECTION MEETS EXTREME PERFORMANCE

CoverLogix safety covers deliver unparalleled performance across every application criteria. Every cover is built using state of the art materials and manufacturing methods.

The 9000MX, 7000MS and 1000V series comes standard with our heavy-duty double springs that have the muscle to take on anything nature dishes out.

COMBINE QUALITY MATERIALS, QUALITY HARDWARE AND QUALITY CRAFTSMANSHIP AND THE END RESULT IS A COVER THAT CAN WITHSTAND EVEN THE MOST EXTREME SITUATIONS.

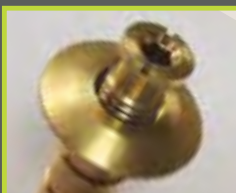

Add the ultimate load bearing protection of extreme performance double-tension springs and super durable perimeter padding to cushion the cover and deck from chaffing damage.

Suspension system shown with optional decorative brass anchor flange.

HEAVY-DUTY DOUBLE SPRINGS

Every 9000MX, 7000MS and 1000V cover comes standard with our low profile heavy duty double spring. All spring sets include vinyl sleeves for added protection.

BRASS DECK ANCHORS

Industrial-grade ultra sonic hardened anchors retract to blend into your deck surface during pool season.

Anchor shown with optional decorative brass flange.

HEAVY-DUTY STRAPS

CoverLogix® utilizes a dual strapping system sewn together on both sides of the cover with a triple-stitched seam.

REDUCED DECK MOUNT

Using the Reduced Deck Mount (RMD) System, place an anchor as close as 2" to the perimeter edge of the cover. The RDM System offers easy installation around raised walls, water features, spas, and other deck accessories.

Our revolutionary pool cover padding delivers targeted protection to help control pool cover chaffing. The padding easily snaps on to the perimeter webbing. The 26" wide x 30" long pad snaps securely in place and may be cut to custom fit any size required.

It is an easy two step process: 1. Slide panel under the cover. 2. Snap the panel onto the webbing.

Anti-Abrasion Material Creates a Protective Barrier Between the Cover & Deck
