

# THE LEARNING BLUEPRINT SCHOOL PERFORMANCE

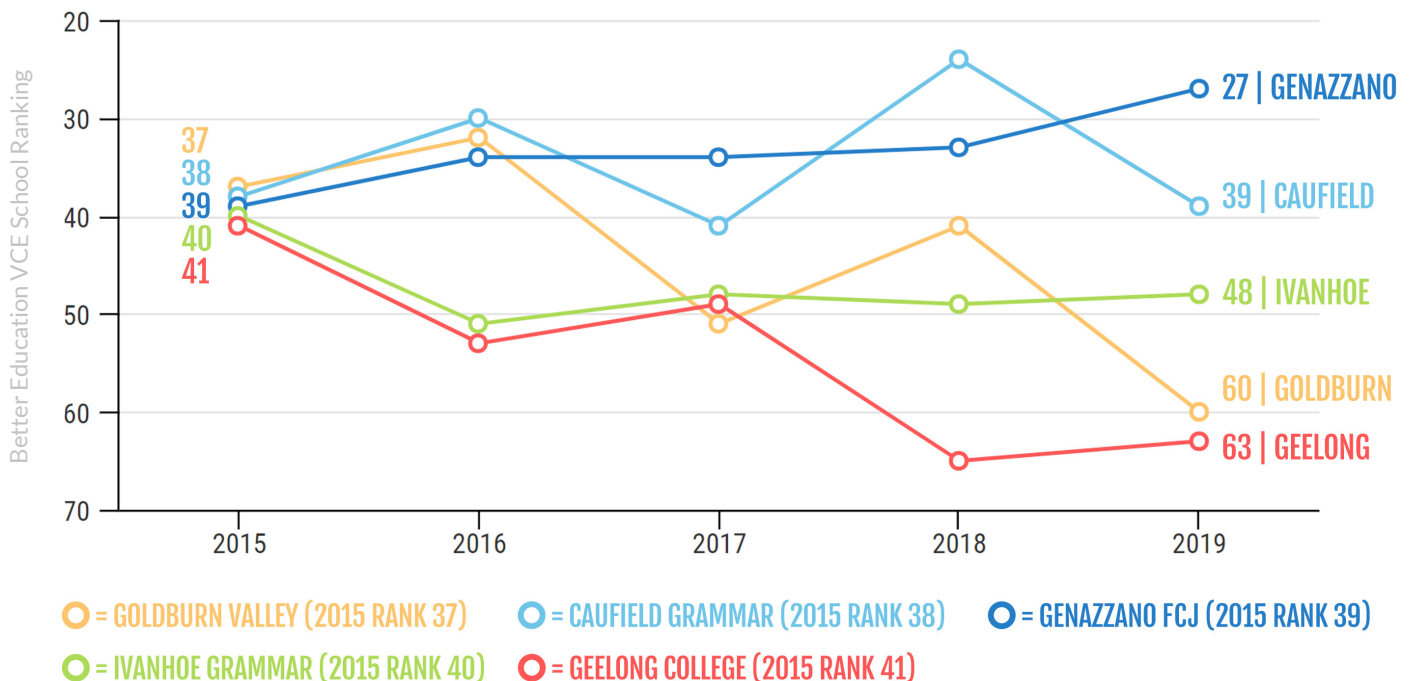

**ABSTRACT** || From 2016-2019, the teachers at Genazzano FCJ College in Melbourne, Australia participated in The Learning Blueprint program. Genazzano is a private all-girls Catholic school serving ~1,000 P-12 students.

During this time, Genazzano's Better Education VCE School Ranking improved from 39 to 27 (the highest in school history). Meanwhile, the four schools that began 2016 within +/-2 positions of Genazzano all saw their rankings decline over this period. And, of these schools, Genazzano was the only one to record no year-over-year ranking regressions.

**ABOUT THE PROGRAM** || The Learning Blueprint is an award-winning professional development program designed to bring key Science of Learning principles to teachers and schools.

Developed by leading cognitive neuroscientist Dr. Jared Cooney Horvath, the aim is to deliver the latest and most impactful applications from the Learning Sciences; help teachers build a deep understanding of the learning process; and introduce an easy-to-use innovation tool called Micro-Projects. Through collaborative cycles of knowledge-building and evidence-gathering, teachers will identify and personalize those practices which maximize their impact within the classroom.
