

Project Creation Steps in Claude AI

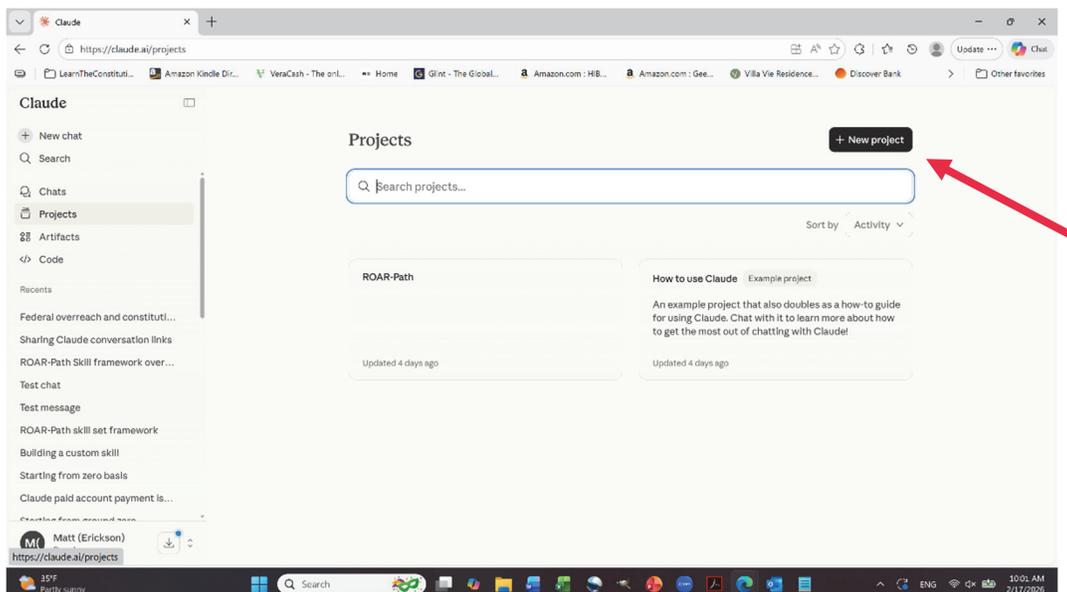

Step #1

Go to www.Claude.ai. If you haven't already an account (free or paid), you'll need to open, following the instructions, there. Once you have an account, Claude's main page should look like the screenshot, below. Left click on the "Projects" icon, on the left column's parameter options:

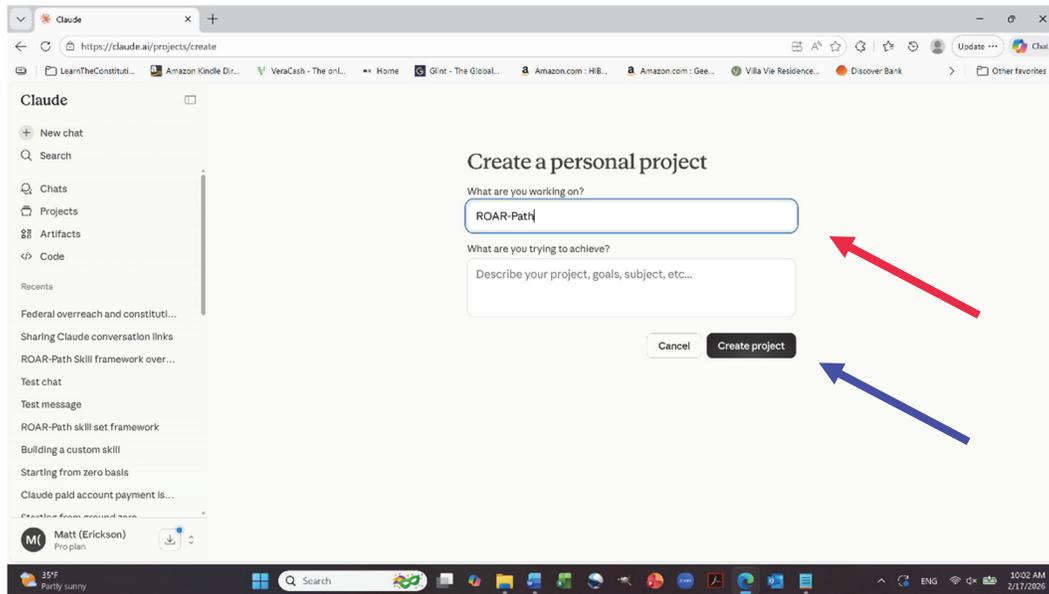

Step #2

At Claude's Project Page, click on "+New project" button

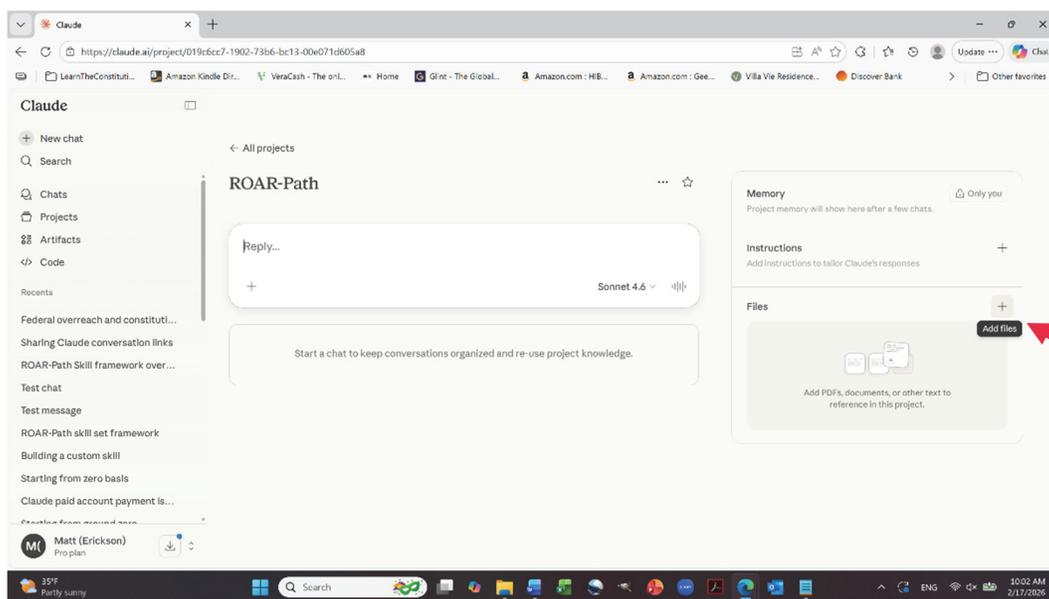

Step #3

At Claude's personal project page, name your project (red arrow) and then click "Create project" button (blue arrow):

Step #4

Within your newly-created and now-named Project, add your files for the Project, using the + icon or "Add Files" button.

Step #5

Download 5 text files (1 Skill text file and 4 book text files) from the 5 numbered topics below.

The files are redundantly offered from four sites, but only 1 file is needed, in each case.

Make sure you know where you are downloading the file to on your computer, and the name designation you want, because in Step #6, you'll need to tag that file to upload to Claude.

1. **Claude Skill file** download (or Save As a text file onto your computer)

Skill File:

www.archive.org/details/roar-path

www.scribd.com/document/1001054573/ROAR-Path-SKILL-text-file

www.academia.edu/164622637/ROAR_Path_Skill_File

www.PatriotCorps.org/Skill_file

2. ***The Case Against One Hundred And One-Percent Government*** text file

www.archive.org/details/the-case-against-one-hundred-and-one-percent-government-text-file

<https://www.scribd.com/document/1001063504/The-Case-Against-One-Hundred-and-One-Percent-Government-text>

www.academia.edu/164635278/The_Case_Against_One_Hundred_And_One_Percent_Government_text_file_

www.PatriotCorps.org/CaseAgainst101Govt_text

3. ***Monetary Laws of the United States*** (Vol. I) text file

www.archive.org/details/Monetary_Laws_plain_text

<https://www.scribd.com/document/1001540334/Monetary-Laws-Text>

www.academia.edu/164635484/Monetary_Laws_of_the_United_States_text_

www.PatriotCorps.org/MonetaryLaws_text

4. ***Waging War without Congress First Declaring It***

www.archive.org/details/waging-war-text

<https://www.scribd.com/document/1001540779/Waging-War-Text>

www.academia.edu/164635634/Waging_War_without_Congress_First_Declaring_It_text

www.PatriotCorps.org/WagingWar_text

5. *Learn The Constitution And ROAR* text file

www.archive.org/details/learn-the-constitution-and-roar-plain-text

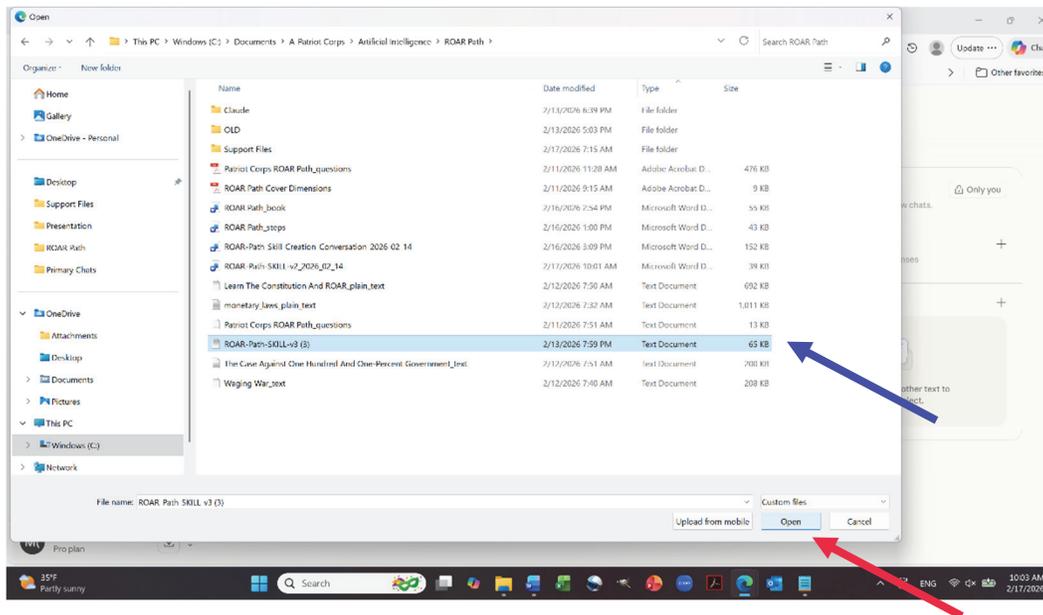

<https://www.scribd.com/document/1001541018/Learn-the-Constitution-and-ROAR-text>

www.academia.edu/164635788/Learn_The_Constitution_And_ROAR_text

www.PatriotCorps.org/ROAR_text

Step #6

After you've downloaded the 1-5 files above to your computer (1 Skill file, and 4 possible book uploads), you'll need to upload them to the Claude Project now, from wherever you saved them on your computer, in Step #5. Once you've highlighted the file, click "Open."

End of Process

Once you have uploaded these 5 files, you may begin a new chat (within your Claude Project) and ask away...

To examine the Skill parameters used, please see the February 14-18 Claude transcripts of the full 19-Step ROAR-Path conversation, at www.PatriotCorps.org.

If you prefer to create your own Skills parameters for your future use, confirming each step along the way, go ahead and run ROAR-Path through all 19-Steps on Claude, to whatever ending point you desire, and then request Claude to create your own Skill file, for your later use, of all conclusions you and it were able to form, on that session (for using that perspective, on new chats, within your new Project to which you upload your new Skill file).
