

Protect Your Pet: Cancer Prevention Intensive May 29–31 | 3-Day Guided Online Experience

In honor of Pet Cancer Awareness Month, this is your opportunity to stop guessing—and finally take action to reduce your pet's cancer risk.

What You'll Learn:

Day 1:

Understanding Risk

- **The Hidden Cancer Crisis in Our Pets:** Dr. Kendra Pope
- **Food as Medicine: Cancer Prevention Starts in Your Dog's Bowl:** Ms. Laura Paolina, The Doggy Dish
- **Toxins in Your Home: Everyday Hazards You Can Fix Today:** Dr. Kendra Pope
- **The Role of Stress and Connection in Cancer Prevention:** Dr. Betsy Redmond, Innovative Pet Labs

Day 2:

Taking Action

- **Building a Cancer-Safe Bowl:** Ms. Laura Paolina
- **Home Detox: Creating a Cancer-Safe Environment:** Dr. Kendra Pope
- **The 5 Keys to Preventing Pet Cancer (Signature Masterclass):** Dr. Kendra Pope

Day 3:

Live Workshop

- **Build Your Pet's Prevention Plan—Step-by-Step With Dr. Kendra Pope:**
- **Create a clear plan for your pet**
- **See real case examples**
- **Understand what to do next**
- **Get your questions answered live**

**This is not just information.
This is a guided experience
where you'll:**

- ✓ Learn what actually matters
- ✓ Take simple, meaningful action
- ✓ Build a plan you feel confident in
