

# BOLDLY LIVE YOUR ACT 3

Propel Comprehensive Wellness is a combination of our 60+ years of experience. We have seen far too many people struggle to maintain health, function, and fulfillment as they prepare for and live in retirement. So much of that decline is preventable. **We designed this entire process to prevent that unnecessary decline.**

**Each option begins with the Life Purpose Scan (LPS) and your own Guided Discovery Session!**

Choose the format that fits your timeline.
