102 KETTLEBELL WORKOUTS

Grab-N-Go Beginner, Intermediate, and Advanced Workouts For Busy Over 35 Men & Women

Inside, you'll find 102 different kettlebell workouts for all skill levels.

They range from 20 to 30 minutes.

Why so short?

So they get done.

That means for many people, much more than 30 minutes and form starts to degrade and fatigue sets in, both of which can lead to injury.

Furthermore, kettlebells are a "force multiplier." Due to the ballistic nature of exercises like the Swing, Clean, and Snatch, that pass between the legs underneath the body, you can actually do more work in less time when compared to traditional strength training exercises.

For example, if you accelerate a Swing on the way down, you can create or exhibit "virtual force" - the momentary production of more force than the load you're actually using.

My weightlifting coach, Alfonso Duran, had me hold a dumbbell while standing on a scale to explain this phenomenon. First, he had me use a "tempo" - a 4 second negative, followed by a 2 second concentric. The number on the scale didn't change.

Then he had me move the dumbbell as fast as I could. The dial spun quickly to the left as the mass of the dumbbell and my body weighed more due to the force imparted by me on the dumbbell.

This is "virtual force."

Former StrongFirst Instructor Brandon Hetzler has measured this “virtual force” on a force plate as being approximately 10X the weight of the kettlebell - over 500 pounds with a 53 pound kettlebell.

That means, instead of producing 530 pounds of force per set of 10 reps (53 pound kettlebell X 10 reps), you could theoretically produce 5300 pounds of force.

This is critically important to understand and apply because the more force you can produce, the more work you perform.

And the more work you perform in any given workout, the faster you'll get the results you're looking for.

Which brings us to a question:

What Size Kettlebell Should You Use?

Men:

- Rookie - 16kg
- Intermediate - 24kg
- Strong - 32kg+

Women:

- Rookie - 10-12kg
- Intermediate - 14-16kg
- Strong - 16-20kg+

Now, on to the workouts...

SINGLE KETTLEBELL

MINIMALIST PRIME

One kettlebell. One exercise.

1) Swing Hard!, 1.0*

- The 2-Hand Swing
- Set your timer for 20 minutes
- Use a medium kettlebell
- Perform 7 Swings every minute, on the minute

*You can do this with the 1H Swing; just alternate hands on the top of every minute

2) Swing Hard! 2.0*

- Set your timer for 20 minutes
- Use a medium kettlebell
- Use the 2-H Swing
- Perform 10 Swings every minute, on the minute

*You can do this with the 1H Swing; just alternate hands on the top of every minute

3) Swing Hard! 3.0*

- Set your timer for 20 minutes
- Use a heavy kettlebell
- Use the 2-H Swing
- Perform 5 Swings every minute, on the minute

*You can do this with the 1H Swing; just alternate hands on the top of every minute

4) Non-Stop Get Ups

- **The Get Up**
- Set your timer for 15 minutes
- Use a medium kettlebell
- Do as many sets of 1/1 as you can in 15 minutes

5) Descending Hell Get Ups

- **The Get Up**
- Set your timer for 15 minutes
- Use a light to medium kettlebell
- Do as many descending ladders of 5,4,3,2,1 as you can in 15 minutes

- 5,4,3,2,1 = Each hand, so 5+5,4+4,3+3,2+2,1+1
- Rest as much as necessary, and as little as possible between sets

5) The King Sized Killer

- **The Snatch**
- Set your timer for 20 minutes
- Use a “heavy-ish” kettlebell
- Perform ladders of 1,2,3,4,5
- Do as many sets as you can in the 20 minute time period
- Rest as much as necessary and as little as possible between sets

6) The King Sized Killer 2.0

- **The Snatch**
- Set your timer for 20 minutes
- Use a “heavy-ish” kettlebell
- Perform sets of 5
- Do as many sets as you can in the 20 minute time period
- Rest as much as necessary and as little as possible between sets

7) The King Sized Killer 3.0

- **The Snatch**
- Set your timer for 20 minutes
- Find your Rep Max (RM) using a medium kettlebell
- Do one side then the other, without rest
- Rest 5 minutes
- Perform sets with 50% of that RM for the next 15 minutes, resting as needed between sets
- Rest as much as necessary and as little as possible between sets

8) The Long Cycle (Of Death...)

- **Use the 1H Clean + Jerk**
- Set your timer for 20 minutes

- Use a “comfortably heavy” kettlebell
- Perform ladders of 1,2,3,4,5, with no rest between sides... so 1+1, rest, 2+2, rest... and so on...
- Rest as much as necessary and as little as possible between sets

9) The Long Cycle (Of Death...) 2.0

- **Use the 1H Clean + Jerk**
- Set your timer for 20 minutes
- Use a medium sized kettlebell
- Perform sets of 10 with no rest between sides... so 10+10 then rest...
- Rest as much as necessary and as little as possible between sets

10) The Long Cycle (Of Death...) 3.0

- **Use the 1H Clean + Jerk**
- Set your timer for 20 minutes
- Find your Rep Max (RM) using a medium kettlebell
- Do one side then the other, without rest
- Rest 5 minutes
- Perform sets with 50% of that RM for the next 15 minutes, resting as needed between sets

11) The Giant

- **Use the 1H Clean + Press**
- Set your timer for 20 minutes
- Use a “moderately heavy” kettlebell
- Perform ladders of 1,2,3,4,5, with no rest between sides... so 1+1, rest, 2+2, rest... and so on...
- Perform as many sets as possible in the given time frame
- Rest as much as necessary and as little as possible between sets

12) Carry Me 1

- **The Suitcase Carry** (Hold a kettlebell in one hand by the side of your body like a suitcase)
- Set your timer for 20 minutes
- Walk 40 yards/meters non-stop carrying a moderately heavy kettlebell
- Change hands, and walk back
- Do this as many times as you can in 20 minutes
- Rest as much as necessary and as little as possible between sets

13) Carry Me 2

- **The Rack Carry** (Hold a kettlebell on 1 side of your body in the rack position)
- Set your timer for 20 minutes
- Walk 40 yards/meters non-stop carrying a moderately heavy kettlebell
- Change sides, and walk back
- Do this as many times as you can in 20 minutes
- Rest as much as necessary and as little as possible between sets

14) Carry Me 3

- **The Overhead Carry** (Hold a kettlebell on 1 side of your body in the overhead position)
- Set your timer for 20 minutes
- Walk 40 yards/meters non-stop carrying a moderately heavy kettlebell
- Change sides, and walk back
- Do this as many times as you can in 20 minutes
- Rest as much as necessary and as little as possible between sets

15) The BUP

- **The Bottom's Up Press**
- Use a medium sized kettlebell
- Perform ladders of 1,2,3, resting between sides... so 1+1, rest, 2+2, rest... and so on...
- Rest as necessary, but not too little

16) Front Squat Madness, Light

- **The Single KB Front Squat**
- Use a “moderately heavy” kettlebell
- Perform ladders of 1,2,3,4,5, with no rest between sides... so 1+1, rest, 2+2, rest... and so on...
- Rest as much as necessary and as little as possible between sets

MIXED BAG

One Kettlebell. Two Exercises. Grind. Ballistic.

17) MB 1

A1. 2H Swing x 10

A2. Get Up x 1,1

- Set your timer for 20 minutes
- Alternate sets of A1 and A2
- Rest as much as necessary and as little as possible between sets

18) MB 2

A1. 2H Swing x 10

A2. Goblet Squat x 5

- Use a medium size kettlebell
- Set your timer for 20 minutes
- Alternate sets of A1 and A2
- Rest as much as necessary and as little as possible between sets

19) MB 2, Hard

A1. 2H Swing x 20

A2. Goblet Squat x 10

- Use a medium size kettlebell
- Set your timer for 20 minutes
- Alternate sets of A1 and A2
- Rest as much as necessary and as little as possible between sets

20) MB 3

A1. 1H Swing **x 10,10**

A2. Press **x 5,5**

- Use a medium size kettlebell
- Set your timer for 20 minutes
- Alternate sets of A1 and A2
- Rest as much as necessary and as little as possible between sets

21) MB 4

A1. Single KB Front Squat **x 5,5**

A2. Snatch **x 10,10**

- Use a medium size kettlebell

- Set your timer for 20 minutes

A3. Jerk x 5,5

- Use a medium size kettlebell
- Set your timer for 20-30 minutes
- Rest as much as necessary and as little as possible between sets

COMBOS

One Kettlebell. Multiple Exercises. Zero Rest.

Each of these workouts is performed either as a **Complex**, or a **Chain** - your choice.

A Complex: A series of compound exercises performed sequentially with the same weight (kettlebell) and without rest. All the reps for one exercise are completed before moving on to the next exercise in the sequence.

A Chain: A series of compound exercises performed sequentially with the same kettlebell in which each exercise is preformed once before the sequence is started again. Each time the sequence is performed is considered one repetition.

For single kettlebell combos, perform all the exercises on your non-dominant arm first, then switch your dominant arm.

34) The [Half] Olympic

Clean + Front Squat + Press

- Use a medium size kettlebell - one you can Press about 10 times each hand without putting the bell down

36) The [Half] Olympic 2

Clean + Front Squat + Push Press

- Use a medium size kettlebell - one you can Push Press about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform sets of 5
- Rest as much as necessary and as little as possible between sets

37) The [Half] Olympic 2, Ladder

Clean + Front Squat + Push Press

- Use a medium size kettlebell - one you can Push Press about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform ladders of 2,3,5... OR... 2,4,6,8... OR... 3,5,7... OR... 5,7,8...
- Rest as much as necessary and as little as possible between sets

38) The [Half] Olympic, 3

Clean + Front Squat + Jerk

- Use a medium size kettlebell - one you can Jerk about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform sets of 5
- Rest as much as necessary and as little as possible between sets

38) The [Half] Olympic, 3, Ladder

Clean + Front Squat + Jerk

- Use a medium size kettlebell - one you can Jerk about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform ladders of 2,3,5... OR... 2,4,6,8... OR... 3,5,7... OR... 5,7,8...
- Rest as much as necessary and as little as possible between sets

39) King-Sized Combo 1

Snatch + Press + Front Squat

- Use a medium size kettlebell - one you can Snatch about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform sets of 5
- Rest as much as necessary and as little as possible between sets

40) King-Sized Combo 2

Snatch + Front Squat + Press

- Use a medium size kettlebell - one you can Snatch about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform sets of 5
- Rest as much as necessary and as little as possible between sets

41) Going Ballistic

Swing + Clean + Snatch

- Use a medium size kettlebell - one you can Snatch about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform sets of 5
- Rest as much as necessary and as little as possible between sets

42) Going Ballistic 2

Swing + Clean + High Pull + Snatch

- Use a medium size kettlebell - one you can Snatch about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform sets of 5
- Rest as much as necessary and as little as possible between sets

43) Going Ballistic 3

Swing + High Pull + Push Press + Snatch

- Use a medium size kettlebell - one you can Snatch about 10 times each hand without putting the bell down

44) Going Ballistic 4

Swing + High Pull + Snatch + Push Press

- Use a medium size kettlebell - one you can Snatch about 10 times each hand without putting the bell down
- Set your timer for 20 minutes
- Perform sets of 5
- Rest as much as necessary and as little as possible between sets

KETTLEBELL & BODYWEIGHT

One Kettlebell. Your Body.

45) Total Body Smoker 1

A1. 2H Swing x 10

A2. Push Up x 10

- Use a medium size kettlebell
- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Rest as much as necessary and as little as possible between sets

46) Total Body Smoker 2

A1. 2H Swing

A2. Push Up

- Use a medium size kettlebell
- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Use Ladders
 - Swing - 10,20,30
 - Push Ups - 10,15,20
- Do as many ladders as possible
- Rest as much as necessary and as little as possible between sets

47) Total Body Smoker 3

A1. 2H Swing

A2. Push Up

- Use a medium size kettlebell

- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Use Pyramid
 - Swing - 10,20,30,20,10
 - Push Ups - 10,15,20,15,10
- Do as many pyramids as possible
- Rest as much as necessary and as little as possible between sets

48) Total Body Smoker 4

A1. 2H Swing x 10

A2. Pull Up / Chin Up x 5

- Use a medium size kettlebell
- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Rest as much as necessary and as little as possible between sets

49) Total Body Smoker 5

A1. 2H Swing

A2. Pull Up / Chin Up

- Use a medium size kettlebell
- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Use Ladders
 - Swing - 10,20,30
 - Pull Up / Chin Up - 1,2,3 or 2,3,5 (depending on strength levels)
- Do as many ladders as possible
- Rest as much as necessary and as little as possible between sets

50) Total Body Smoker 6

A1. 2H Swing

A2. Pull Up / Chin Up

- Use a medium size kettlebell
- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Use Pyramid
 - Swing - 10,20,30,20,10
 - Pull Up / Chin Up - 1,2,3,2,1 or 2,3,5,3,2 (depending on strength levels)
- Do as many pyramids as possible
- Rest as much as necessary and as little as possible between sets

51) Total Body Smoker 7

A1. 2H Swing x 10

A2. Parallel Dips x 5-10

- Use a medium size kettlebell
- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Rest as much as necessary and as little as possible between sets

52) Total Body Smoker 8

A1. 2H Swing

A2. Parallel Dips

- Use a medium size kettlebell

- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Use Ladders
 - Swing - 10,20,30
 - Parallel Dips - 3,5,7 or 5,10,15 (depending on your strength levels)
- Do as many ladders as possible
- Rest as much as necessary and as little as possible between sets

53) Total Body Smoker 9

A1. 2H Swing

A2. Parallel Dips

- Use a medium size kettlebell
- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Use Pyramid
 - Swing - 10,20,30,20,10
 - Parallel Dips - 3,5,7,5,3 or 5,10,15,10,5 (depending on your strength levels)
- Do as many pyramids as possible
- Rest as much as necessary and as little as possible between sets

54) Upper Body Blast

A1. Clean + Press, L,R

A2. Chin Ups

- Use a 5-6RM (Rep Max) kettlebell
- Set your timer for 20-30 minutes
- Alternate between A1 and A2
- Perform ladders of 1,2,3 of each exercise
- Do as many ladders as possible

- Rest as much as necessary and as little as possible between sets

DOUBLE KETTLEBELL.

Use the following lifts:

Double Swing

Double Press

Double Clean

Double Front Squat

66) G&B 3

A1. Double Press x 5
A2. Double Clean x 10

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

67) G&B 4

A1. Double FSQ x 5
A2. Double Clean x 10

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

68) G&B 5

A1. Double Press x 5
A2. Double Snatch x 5

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

69) 2G (Double Grind) 1

A1. Double Press x 5
A2. Double FSQ x 5

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

70) 2G 2

A1. Double Press x 5

A2. Renegade Row x 5

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

71) 2G 3

A1. Double FSQ x 5

A2. Renegade Row x 5

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

72) 2B (Double Ballistic) 1

A1. Double Swing x 5

A2. Double Clean x 5

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

73) 2B (Double Ballistic) 2

A1. Double Swing **x 5**

A2. Double High Pull **x 5**

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

74) 2B (Double Ballistic) 3

A1. Double Swing **x 5**

A2. Double Snatch **x 5**

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

75) 2B (Double Ballistic) 4

A1. Double Clean **x 5**

A2. Double Push Press **x 5**

- Use medium-heavy pair of kettlebells
- Set your timer for 20 minutes
- Do as many sets as you can
- Rest as much as possible between sets, and as little as necessary

76) 2B (Double Ballistic) 5

WHO IS THIS GUY WRITING THESE WORKOUTS?

This guy is Geoff Neupert. That's him in the back row on the left after teaching his *Kettlebell STRONG!* Workshop in Singapore.

And why is he writing about himself in the third person?

I have no idea. I guess that's supposed to be what "professionals" do.

Anyway, thanks for downloading and reading this report. I hope it gave you some ideas and you find these workouts challenging and fun.

I know I have. And so have my clients and customers since January 2002 when I first started using kettlebells. I immediately recognized their value because of their similarity to Olympic Weightlifting, which was my second sport of choice. (Wrestling was my first.)

I was a U.S. National Championships qualifier and state champion, and kettlebells gave me a way to introduce the benefits (and more) of Olympic lifting to my personal training clients, without having to focus so much on technique.

I then got certified as a RKC (Russian Kettlebell Challenge) Kettlebell Instructor in 2005 and later in 2010, became a Master Instructor and taught others all around the world how to become kettlebell instructors too.

In 2012 I became the second StrongFirst Certified Master [Kettlebell] Instructor and their Education Manager until 2014 when I resigned both positions to focus and grow Original Strength Systems, which I co-founded with Tim Anderson.

Essentially, I've had the good fortune to train folks from all walks of life, on 5 of the 7 continents, using kettlebells and traditional methods - middle school, high school, college, semi-pro, and pro athletes... Arthritic grandmothers... and members of the US military's special forces community and everyone in between.
