Who are CPDme?

CPDme is an organisation that, since 2009 has been supporting professionals to record their CPD in a secure, safe and quick way using our mobile app or CPD dashboard. Since 2012 we have been supporting corporate customers and organising events and CPD symposiums with automated CPD certificates and evidence that, pre-populate your CPD record, taking the worry and strain your portfolio. Recently (2024), we were voted the UK's number one CPD solution.

17 Years
Since we began

[Our Story](#)

Supporting organisations across **the UK** and **around the world**

Association of Anatomical Pathology Technology

University of Salford
MANCHESTER

ISHAA
Irish Society of Hearing Aid Audiologists

Royal College of Occupational Therapists

Why Event Support Matters?

Delivering a professional event involves more than just a strong agenda. The overall experience for delegates is shaped by organisation, clarity, and how smoothly the day runs from start to finish.

When event logistics are well managed, attendees can focus on learning and engagement rather than practical frustrations.

Clear identification, accessible information, and structured communication all contribute to a more positive and professional environment.

Effective event support also reduces pressure on organisers. With reliable systems and resources in place, event teams can concentrate on content and delivery, confident that the operational details are being handled.

Thoughtful event support helps create an experience that feels organised, welcoming, and professionally delivered for everyone involved.

What we provide?

CPDme provides practical event support services that enhance organisation, communication, and delegate experience, seamlessly integrating into events of any size.

Professional Badge & Lanyard Production

Clear, professionally presented delegate identification that supports organisation, access management, and a polished first impression from the moment attendees arrive.

Smart QR Code Integration

Dynamic QR solutions that provide delegates with easy access to key event information and resources, supporting communication throughout the day.

Digital Feedback & Evaluation

Structured post-event feedback tools that help organisers capture meaningful insight and measure event impact efficiently.

CPD Certification Support

CPDme provides accredited certificate support through digital and printed certificates, available both on and off site to suit event requirements.

On-site Support Team

CPDme provides on-site support team to help you organise the check in process and badges printing.

How it works?

CPDme will be able to help you with all the event delivery process from planning to execution, Here are the steps to get everything set up and done.

1

STEP 1

Share Your Event Details

2

STEP 2

Package offers and payment

3

STEP 3

Preparing registration links and badges design

4

STEP 4

Coming on-site for check-in process and badges printing

5

STEP 5

Share post-event reporting to the client

Delegate Experience

- Professional first impression
- Easy access via QR code
- Smooth check-in and flow
- Simple access to info and updates
- Quick feedback after event

Organiser Experience

- Less admin on the day
- Faster check-in process
- More professional presentation
- Clear feedback for future events
- Supports CPD tracking

Overall Benefits

- Polished, consistent experience
- Reduced workload
- Flexible support
- Clear results and outcomes
