FROM ROADSIDE TO REHAB

WHO WE ARE?

Trauma Care is a non-profit charity, founded in 1996 with one goal in mind: to create a commonly agreed standard of practice for the trauma patient, using a multi-disciplinary approach

We are a small but mighty team based in the heart of Lancashire, who deliver educational events all over the world.

WHAT WE DO?

We help establish and promote best practice for the trauma victim through free online webinars, frequent publications, study days, conferences and more. We also have large roster of speakers, who bring their expertise to our events.

HOW YOU CAN HELP?

As a non-profit charity, Trauma Care relies on its members, sponsors and academic partners to keep us going. You can help through word-of-mouth promotion, becoming a member, encouraging your friends to sign up, or just watching a webinar!

www.traumacare.org.uk

01254 943158

admin@traumacare.org.uk

LIVE WEBINARS

We host weekly webinars, covering a range of trauma-based topics and, they are all free to join!

CONFERENCES

You can attend either our annual conference, one of our regional conferences or study days. We pride ourselves on selling tickets as cheaply as possible, whilst still providing the best speakers, teachers and opportunities.

PUBLICATIONS

Our members receive our quarterly journal, "TRAUMA" and we publish a number of trauma manuals, handbooks and monographs.
