THE SMALL BUSINESS CHALLENGE

Running a small business is no easy feat. Entrepreneurs are often stretched thin, wearing multiple hats and juggling everything from product delivery to social media.

Challenges include:

- Limited marketing budgets
- Minimal tech staff or support
- Lack of real-time data
- Difficulty keeping promotions and information current
- Hard-to-measure ROI from traditional methods

In a world where customer expectations are growing and attention spans are shrinking, small business owners need flexible tools that work across mediums—on signs, product packaging, websites, windows, receipts, postcards, and more.

Small business owners don't need more to manage—they need smarter tools that work everywhere their brand shows up.

WHY 1QR'S DYNAMIC QR CODE PLATFORM?

1QR offers a marketing solution tailored to small business realities. It helps close the feedback loop between advertising and action—bringing clarity to what's working and why.

Dynamic Content Delivery
With 1QR, the same QR code can be updated at any time to lead to:

- A website, landing page, or contact form
- A review platform like Google, Yelp, or Facebook
- A digital coupon or seasonal promotion
- A menu, order form, appointment scheduler, or downloadable contact

Short Link Management & Customization
1QR generates a customizable short link for every QR code, giving businesses the flexibility to:

- Use long tracking URLs from tools like Google Analytics, Facebook Pixel, or CRMs
- Brand the short link for trust and memorability (e.g., 1qr.com/BistroLunch or 1qr.com/ReviewNow)
- Place the link across print, email, SMS, and social channels

Customer Engagement on Autopilot
QR codes placed in strategic locations help drive recurring engagement:

- Posters at entrances, tables, or windows
- Stickers on products or packaging
- Flyers, business cards, menus, and invoices

Real-Time Analytics
Track scan behavior by:

- Time of day
- Number of scans
- Devices used
- Campaign effectiveness

This insight helps small business owners make better marketing decisions—without needing a data science degree.

BUILT FOR SMALL BUSINESS. DESIGNED TO BE SEEN.

Custom QR Design

Your brand deserves more than a generic black-and-white square. With 1QR, your QR codes become an extension of your visual identity.

- Choose custom colors that align with your brand palette
- Add your logo to build recognition and trust at first glance
- Select from a variety of shapes and templates that match your style—whether you're bold and modern or classic and refined

These fully brandable QR codes don't just blend in—they stand out and reinforce your business identity wherever they're placed, from menus to packaging to storefronts.

Direct to Reviews

Word of mouth now lives online—and 5-star reviews are the new currency of trust. 1QR lets you link customers straight to your preferred review platform (Google, Yelp, Facebook, etc.) with a simple scan.

- Make it effortless for happy customers to leave feedback
- Build social proof that helps new customers say yes
- Improve local SEO rankings so you show up when it matters most

For small businesses, every great review counts. 1QR helps you collect and showcase them—without chasing or reminding.

CASE STUDY: HOW 1QR HELPED BREW HAVEN CAFÉ GROW 3X IN 90 DAYS

Retail Stores
QR codes at the register can link to loyalty programs, discount codes, new inventory, or customer surveys. In-store signage can update based on promotions without reprinting.

Restaurants & Cafés
Use QR codes for contactless menus, online ordering, table-side payments, or newsletter signups. Coffee sleeves and table tents become powerful marketing tools with built-in engagement.

Health & Wellness Providers
Massage therapists, chiropractors, and fitness studios use 1QR to let clients book appointments, fill out intake forms, or leave reviews—right from a waiting room chair or business card.

Home Services
Electricians, plumbers, real estate agents, and HVAC providers benefit from QR codes on vehicles, door hangers, or invoices that link to estimates, contact forms, reviews, or service menus.

Pop-Ups & Events
QR codes on signs, booths, or badges allow customers to instantly access vendor info, product catalogs, payment portals, or follow-up forms during trade shows and community events.
