PEARLS & PURPOSE

SPONSORSHIP

WHY SPONSOR

Pearls & Purpose is Riordan Clinic's 50th Anniversary Gala — a moment to celebrate the people who built this work and help carry the mission forward into the next fifty years.

In the last three years, **626 people contacted the Riordan Clinic ready to begin care.**

They completed intake, spoke with a provider, and reviewed their options.

Then they had to walk away because of the cost.

Some were navigating cancer care.
Some had been searching for answers for years.
Some had exhausted every other option.

Your sponsorship helps ensure that more co-learners can begin their journey.

Sponsorships help close the remaining **\$25,000 sponsorship gap**, allowing the Gala to do two important things:

- Honor **50 years of asking harder questions in medicine**
- Support what comes next so **more co-learners can begin care**

WHY SPONSORS PARTICIPATE

Recognition serves as a thank-you and helps bring more people into the Riordan story.

Most sponsors participate because they believe in expanding access to care, advancing research, and helping ensure the next fifty years of Riordan Clinic's work.

Many sponsors are introduced through board members, co-learners, and long-time supporters of the clinic. If someone invited you to review this opportunity, we are grateful for your consideration.

YOUR SPONSORSHIP STRENGTHENS THREE CORE AREAS OF THE RIORDAN MISSION

Patient Assistance

Helping co-learners begin care when financial barriers stand in the way.

Education

Training forward-thinking integrative providers who carry this work forward.

Research

Advancing IV Vitamin C and integrative therapies.
