

Your Map Beyond the Book

A Guide to the Beyond Money Experience

If you loved ***Busting Loose From The Money Game***, this is your next step.

As you know, the book was divided into three core parts:

1. Philosophy – The radical, Reality-busting truth about money, prosperity, and your power as Consciousness.
2. Science – Real-world evidence, explanations, and "proof" of the philosophy for those who need it (or are just plain fascinated by all of it like me).
3. Practical Tools – The 4 Drilling Tools that help you knock out cloud cover and let the “Sun” of Big Truth shine in and transform your life and how you EXPERIENCE everything that happens to you every day.

The Beyond Money Experience Picks Up Where The Book Left Off

The immersive, multimedia, *Beyond Money Experience* takes you far deeper into all three areas—especially the practical, where most people need the most support.

You'll discover:

-  Expanded, clarified teachings on the core principles of Busting Loose
-  In-depth, real-world guidance on using the 4 Drilling Tools effectively
-  Multimedia Expansion Packs that speak to your deeper knowing, not just your intellect, and that are designed to change you as you go through them

- ✓ Full-length Hollywood movies and video clips from various sources that are designed to bypass your "filters" and create emotional “aha” moments
- ✓ Spiritual Truths made real and tangible through images, sounds, and storytelling
- ✓ Experiential learning that goes way beyond what words on a page can deliver

What's Included

The Gold Experience includes:

- 24 vide-based multimedia Expansion Packs guiding you step-by-step through the Teachings
- Audio versions of the 18 core video lessons—so you can review the Teachings on the go
- A complete Transformation map from book ideas → daily living

The Platinum Experience includes everything in Gold, plus:

- 119 advanced audio Discourses from a private coaching program (value: \$1164/year)
- 87 pure coaching and Q&A sessions—answers to the most important and common questions
- 75 “Digital Diary” audios from my personal Journey into Freedom and The Sunshine
- A special 51-minute presentation clarifying key book concepts and going beyond them

Is it your time to go beyond the book?

"I devoured Busting Loose and thought I understood it. But once I started the Beyond Money Experience... wow. It's like the book was just the trailer, and this was the full feature film. The Expansion Packs hit me on an emotional level I wasn't expecting. Watching the movie scenes, hearing Robert's commentary, all of it, something just cracked open. It shifted how I see everything again, after the book had already done that once."

- John Wilkinson, United States

"Reading the book inspired me and blew my mind. But Beyond Money helped me actually live and breathe the teachings more. The multimedia approach made everything real, visceral and fun. I'd be watching a scene from a movie and suddenly realize, 'I get it. I FEEL it now!' It's like my life started talking to me through the Experience. Beyond Money brought it all home in a way I couldn't have imagined."

- Belinda Wilson, UK
